

## *Vascular Access for Hemodialysis* XII SYMPOSIUM

Dear Exhibitor:

The Vascular Access Society of the Americas' Vascular Access for Hemodialysis Symposium is the premier meeting for professionals dedicated to improving vascular access and dialysis through clinical education and enhancement of patient care.

This year's meeting will be held at the Four Seasons Hotel in Las Vegas, Nevada. We expect a record attendance at this year's meeting. In addition to our outstanding scientific sessions, we will have invited lectures by leading lecturers in our field, including special interest workshops for Nurses and Allied Health Professionals, Surgeons and Interventionalists. This year the Society is introducing the Best Resident Paper Award. The program has been designed to transition to breaks and receptions in the exhibit hall, which will maximize both the time and value of the interactions of your representatives with VASA members and meeting participants in general. We have had excellent interaction between vendors and attendees at all of our meetings.

Sponsorship in the VASA Symposium offers your company various methods for showcasing your company and its products and services and will offer your company high visibility and exposure.

Sponsorships will be recognized in the final Symposium Brochure, including the Society's website. Additionally, your company will be recognized in an insert that will be included in the professional meeting attendees' briefcases.

Sponsorships are sold on a first-come, first serve basis. Therefore, please complete the attached application as soon as possible and return to VASA no later than **April 19, 2010**.

Please remember that your company also may support the Society in the form of educational grants in the amount of \$5,000 and \$7,500 (these amounts are in addition to the exhibit fees).

Thank you for your support of the Vascular Access Society of the Americas and the Vascular Access Symposium. We look forward to seeing you in Las Vegas!

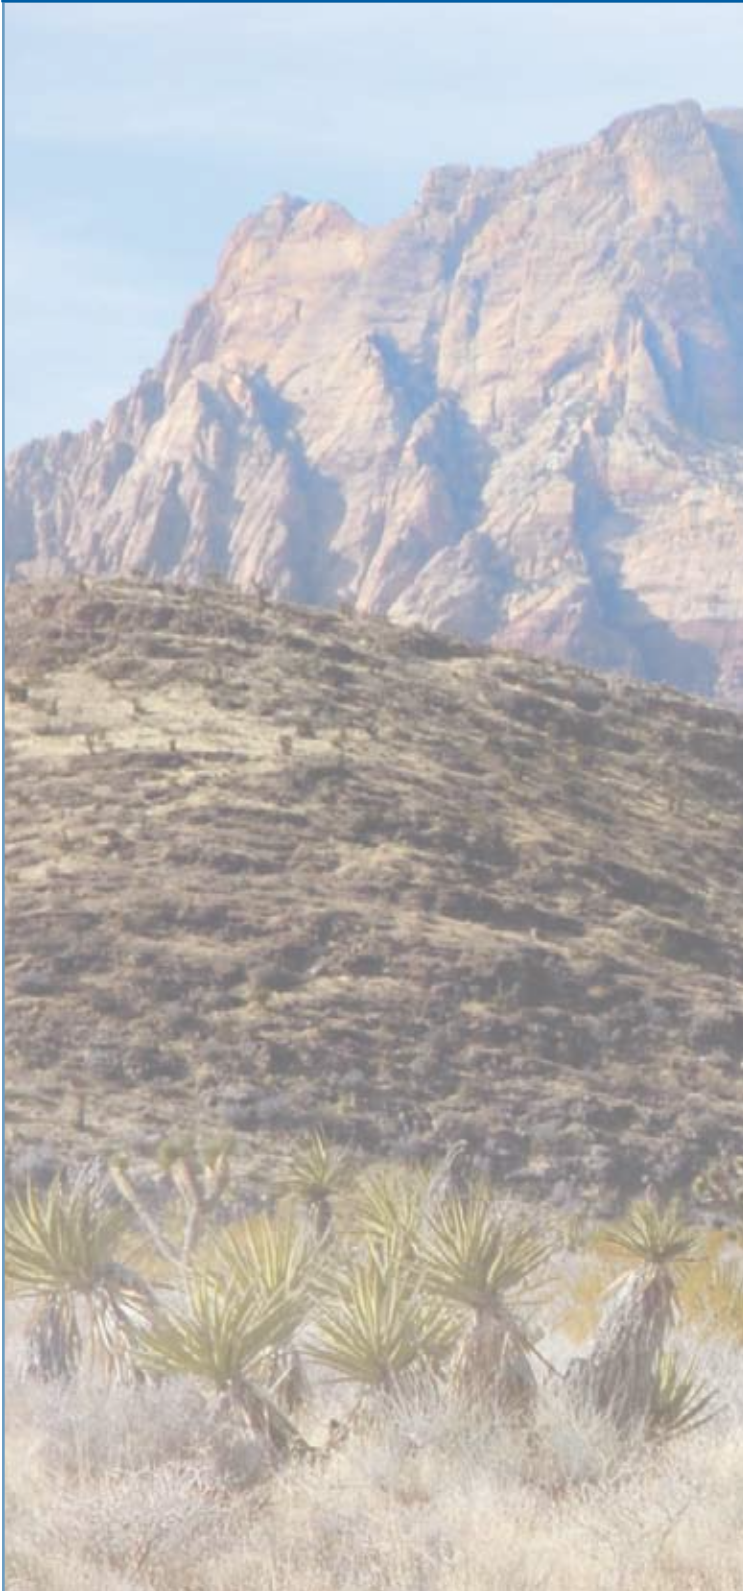

Sincerely,

Terri R. Comegys, CMP  
Executive Director

Vascular Access for Hemodialysis
